

**Start on a
high note.**

BOSE

ULTRA SOUNDBAR

Please read and keep all safety and use instructions.

Important Safety Instructions

Read these instructions.

Clean only with a dry cloth.

Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.

Only use attachments/accessories specified by the manufacturer.

Refer all servicing to qualified personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

WARNINGS/CAUTIONS

- To avoid accidental ingestion, keep the product away from children and pets. The product contains a battery, and may be hazardous if swallowed. If ingested, seek immediate medical attention. When not in use, store the product out of reach of children and pets.

This symbol on the product means there is uninsulated, dangerous voltage within the product enclosure that may present a risk of electrical shock.

This symbol on the product means there are important operating and maintenance instructions in this guide.

Do not ingest battery, chemical burn hazard. The remote control supplied with this product contains a coin/button cell battery. If the coin/button cell battery is swallowed, it can cause severe internal burns in just 2 hours and can lead to death. Keep new and used batteries away from children. If the battery compartment does not close securely, stop using the remote control and keep it away from children. If you think batteries might have been swallowed or placed inside any part of the body, seek immediate medical attention. To avoid risk of explosion, fire or chemical burn, use caution in replacing the battery and replace only with an agency approved (e.g., UL) CR2032 or DL2032 3-volt lithium battery. Properly and promptly dispose of used batteries. Do not recharge, disassemble, heat above 212° F (100° C) or incinerate.

Contains small parts which may be a choking hazard. Not suitable for children under age 3.

This product contains magnetic material. Consult your physician on whether this might affect your implantable medical device.

This product contains a tempered glass surface. Use caution to avoid impact. In the event of breakage, use care in handling broken glass.

- To reduce the risk of fire or electrical shock, do NOT expose this product to rain, dripping, splashing, or moisture and do not place liquid filled objects such as vases, on or near the product.
- Keep the product away from fire and heat sources. Do NOT place naked flame sources, such as lighted candles, on or near the product.
- Do NOT make unauthorized alterations to this product.
- Do NOT use a power inverter with this product.
- Do NOT use in vehicles or boats.
- Where the mains plug or an appliance coupler is used as the disconnect device, the disconnect device shall remain readily operable.
- Only use the following hardware to mount this product: Bose Soundbar Wall Bracket.
- When positioning the product, make sure it is not blocking any ventilation openings on your TV or monitor. Refer to the owner's guide that came with your TV or monitor and install in accordance with the manufacturer's instructions.
- Due to ventilation requirements, Bose does not recommend placing the product in a confined space such as in a wall cavity or in an enclosed cabinet.
- Do not place or install near any heat sources such as fireplaces, radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- Keep batteries out of reach of children.
- Batteries may cause a fire or chemical burn if mishandled. Do not recharge, disassemble, heat, or incinerate.
- The battery provided with this product may present a risk of fire, explosion or chemical burn if mishandled, incorrectly replaced or replaced with an incorrect type.

Low-power Radio-frequency Devices Technical Regulations: Without permission granted by the NCC, any company, enterprise, or user is not allowed to change frequency, enhance transmitting power or alter original characteristic as well as performance to an approved low power radio-frequency devices. The low power radio-frequency devices shall not influence aircraft security and interfere legal communications; If found, the user shall cease operating immediately until no interference is achieved. The said legal communications means radio communications is operated in compliance with the Telecommunications Management Act. The low power radio-frequency devices must be susceptible with the interference from legal communications or ISM radio wave radiated devices.

CONTENTS

Confirm that the following parts are included:

Bose Ultra Soundbar

Remote (battery included)

Power cord*

HDMI cable

Optical cable

ADAPTiQ headset

* May ship with multiple power cords. Use the power cord for your region.

NOTE: If any part of the product is damaged, don't use it. Visit: support.bose.com/UltraSBC for troubleshooting articles, videos, and product repair or replacement.

The Bose Ultra Soundbar supports Dolby Atmos® technology. The soundbar uses up-firing and side-firing speakers to deliver high-quality sound from all directions, achieving a superb, immersive, and fully-encompassing surround-sound experience.

NOTE: To use Dolby Atmos technology, both your TV and your content must support Dolby Atmos.

TIP: To deliver the Dolby Atmos surround-sound experience, connect the soundbar to the HDMI eARC or ARC port on your TV (see page 46). If your TV doesn't have an eARC or ARC port, you can connect the optical cable to the optical port to receive spacious and life-like sound (see page 47).

RECOMMENDATIONS

- Place the soundbar below and in front of the TV (preferred) or above your TV with the front of the soundbar facing into the room.
- For best sound quality, make sure the up-firing speakers on the top of the soundbar and the side-firing speakers on the side of the soundbar aren't blocked.
- When the soundbar is mounted to the wall, make sure the top of the soundbar is at least 4 in (10 cm) away from the TV.
- If placing the soundbar on a shelf or TV stand, position the front of the soundbar as close as possible to the front edge of the shelf or stand for best sound quality.
- Place the soundbar outside of and away from metal cabinets, other audio/video components, and direct heat sources.
- Place the soundbar on its rubber feet on a stable and level surface. For proper support, both feet must be resting on the surface. Vibration can cause the soundbar to move, particularly on smooth surfaces like marble, glass, or highly polished wood.
- Keep the back side of the soundbar at least 0.4 in (1 cm) from any other surface. Blocking the port(s) affects sound quality.
- Make sure there is an AC (mains) outlet nearby.
- To avoid wireless interference, keep other wireless equipment at least 1 – 3 ft (0.3 – 0.9 m) away from the soundbar.
- To avoid wireless interference, some Wi-Fi access points may need to be placed up to 8 – 10 ft (2.4 – 3.0 m) away from the soundbar, optional bass module, and optional surround speakers.
- For best sound quality, don't place the soundbar in an enclosed cabinet or diagonally in a corner.
- Don't place any objects on top of the soundbar.

CAUTION: Do NOT place the soundbar on its front, back, or top when in use.

WALL MOUNT THE SOUNDBAR

You can mount the soundbar on a wall. To purchase the Bose Soundbar Wall Bracket, contact your authorized Bose dealer.

Visit: support.bose.com/UltraSBC

NOTE: Make sure the top of the soundbar is at least 4 in (10 cm) away from the TV.

CAUTION: Do NOT use any other hardware to mount the soundbar.

Adjust audio for wall mounting

After you mount the soundbar, you must run ADAPTiQ (see page 15).

NOTE: If you remove the soundbar from the wall, run ADAPTiQ again.

CONNECT THE SOUNDBAR TO POWER

1. Connect the power cord to the **POWER** port on the back of the soundbar.
2. Plug the other end of the power cord into an AC (mains) power outlet.

The soundbar powers on, and the light bar glows solid amber.

3. Download and use the Bose音乐 app to connect the soundbar to your TV.

NETWORK STANDBY

The soundbar transitions to network standby when audio has stopped for 20 minutes.

To wake the soundbar from network standby:

- On the remote, press the Power button , a source button (see page 18), or the Play/Pause button  (see page 16).
- Play or resume audio using your mobile device or using the Bose音乐 app.

NOTE: You can disable the standby timer using the Bose音乐 app. You can access this option from the Settings menu.

The Bose音乐 app lets you set up and control the soundbar from any mobile device, such as a smartphone or tablet.

Using the app, you can stream music, add music services, explore internet radio stations, manage soundbar settings, define presets, and get new features.

NOTE: If you have already created a Bose音乐 account for another Bose product, add the soundbar to your existing account (see page 14).

DOWNLOAD THE BOSE音乐 APP

1. On your mobile device, make sure that both your *Bluetooth* and *Location Services* are enabled.
2. On your mobile device, download the Bose音乐 app.

3. Follow the app instructions.

ADD THE SOUNDBAR TO AN EXISTING ACCOUNT

To add your Bose Ultra Soundbar, open the Bose音乐 app and add your soundbar.

CONNECT TO A DIFFERENT WI-FI NETWORK

Connect to a different network if your network name or password has changed, or if you want to change or add another network.

1. On the remote, press and hold the Mute button  and AI Dialogue Mode button  until the light bar glows amber.

2. On your mobile device, open your Wi-Fi settings.
3. Select **Bose Ultra Soundbar**.
4. Open the Bose音乐 app and follow the app instructions.

NOTE: If the app doesn't prompt you for setup, go to the main screen and add the soundbar.

After you set up the soundbar using the Bose音乐 app, the app prompts you to run ADAPTiQ audio calibration for best sound quality. ADAPTiQ audio calibration customizes the sound of the system to the acoustics of your listening area by taking audio measurements at multiple locations in the room. To run an audio calibration, you need 10 minutes when the room is quiet.

During ADAPTiQ audio calibration, a microphone on the top of the ADAPTiQ headset (provided with the soundbar) measures the sound characteristics of your room to determine optimal sound quality.

RUN ADAPTiQ AUDIO CALIBRATION

If you later connect an optional bass module or surround speakers, move the soundbar, or move any furniture, run ADAPTiQ audio calibration again to ensure optimal sound quality.

To run ADAPTiQ audio calibration, use the Bose音乐 app. You can access this option from the Settings menu.

The soundbar controls are located on the top of the soundbar and on the remote.

TIP: You can also control your soundbar using the Bose音乐 app.

REMOTE FUNCTIONS

Use the remote to control the soundbar, select the source, and manage *Bluetooth* connections.

Power on/off

On the remote, press the Power button  to power the soundbar on/off.

NOTE: When you plug the soundbar into an AC (mains) outlet, the soundbar automatically powers on.

Auto-wake (optical connection only)

You can set the soundbar to power on whenever a sound signal is received.

To toggle between auto-wake and default power settings, press and hold  for 5 – 10 seconds until you hear a tone and the light bar pulses white twice.

TIP: You can also control auto-wake using the Bose音乐 app. You can access this option from the Settings menu.

Sources

On the remote, press the appropriate button (TV  or *Bluetooth* .

TIP: You can also use the Bose音乐 app to select a source.

Media playback and volume

FUNCTION	WHAT TO DO
Play/Pause	<p>Press ▷ .</p> <p>NOTES:</p> <ul style="list-style-type: none"> • When audio is paused, two lights in the center of the light bar glow solid white until audio resumes. • You can't play/pause audio on a TV source.
Skip forward	Double-press ▷ .
Skip backward	Triple-press ▷ .
Volume up	<p>Press +.</p> <p>NOTE: To quickly increase the volume, press and hold +.</p>
Volume down	<p>Press —.</p> <p>NOTE: To quickly decrease the volume, press and hold —.</p>
Mute/Unmute	<p>Press ✕.</p> <p>When audio is muted, the left end of the light bar glows solid white until audio resumes.</p> <p>TIP: You can also press + to unmute audio.</p>

AI Dialogue Mode

AI Dialogue Mode improves the clarity of dialogue and vocals in movies, TV programs, and podcasts by automatically adjusting the audio balance of the system when dialogue is detected.

On the remote, press the AI Dialogue Mode Button  to switch between AI Dialogue Mode and your default audio settings.

NOTE: AI Dialogue Mode is disabled by default.

When AI Dialogue Mode is enabled, the light bar glows white then fades to black (see page 26).

NOTE: When you enable AI Dialogue Mode, it stays enabled even after you switch sources or power the soundbar off and back on.

SOUNDBAR CONTROL FUNCTIONS

You can use the Multi-function button  to control media playback. You use the *Bluetooth* button  to manage *Bluetooth* connections.

FUNCTION	WHAT TO DO
Select <i>Bluetooth</i> source	Press  .
Connect a mobile device	Press and hold  until the light bar pulses blue.
Clear soundbar device list	Press and hold  for 10 seconds until the light bar pulses white twice then fades to black.
Play/Pause	Press  .
Skip forward	Double-press  .
Skip back	Triple-press  .

ADJUST THE AUDIO

To adjust the bass, treble, center channel, height channel, and surround channels, use the Bose音乐 app. You can access these options from the Settings menu.

The soundbar is capable of playing AirPlay 2 audio, which allows you to quickly stream audio from your Apple device to the soundbar or multiple speakers.

NOTES:

- To use AirPlay 2, you need an Apple device running iOS 15 or later.
- Your Apple device and soundbar must be connected to the same Wi-Fi network.
- For more information about AirPlay, visit: <https://www.apple.com/airplay>

STREAM AUDIO FROM THE CONTROL CENTER

1. On your Apple device, open the Control Center.
2. Tap and hold the audio card in the top-right corner of the screen, then tap the AirPlay icon .
3. Select your soundbar.

STREAM AUDIO FROM AN APP

1. Open a music app (like Apple Music), and select a track to play.
2. Tap .
3. Select your soundbar.

CONNECT A MOBILE DEVICE

1. On the soundbar or remote, press the *Bluetooth* button .

The light bar pulses blue.

2. On your mobile device, turn on the *Bluetooth* feature.

NOTE: The *Bluetooth* menu is usually found in the Settings menu.

3. Select your soundbar from the device list.

NOTE: Look for the name you entered for your soundbar in the Bose音乐 app. If you didn't name your soundbar, the default name appears.

Once connected, you hear a tone, and the light bar glows solid white then fades to black. The soundbar's name appears in the mobile device list.

DISCONNECT A MOBILE DEVICE

Use the Bose音乐 app to disconnect your mobile device.

TIP: You can also use *Bluetooth* settings on your mobile device. Disabling *Bluetooth* disconnects all other devices.

RECONNECT A MOBILE DEVICE

On the soundbar or remote, press the *Bluetooth* button .

The soundbar tries to connect with the most recently-connected devices.

NOTES:

- Make sure *Bluetooth* is enabled on your mobile device.
- The device must be within 30 ft (9 m) and powered on.

CONNECT AN ADDITIONAL MOBILE DEVICE

You can store up to eight devices in the soundbar device list.

NOTE: You can play audio from only one device at a time.

1. On the soundbar or remote, press and hold  until the light bar pulses blue.
2. On your mobile device, select your soundbar from the device list.

NOTE: Make sure *Bluetooth* is enabled on your mobile device.

CLEAR THE SOUNDBAR DEVICE LIST

1. On the soundbar or remote, press and hold  for 10 seconds until the soundbar chimes.

The light bar pulses blue.

2. Delete the soundbar from the *Bluetooth* pairing list on your device.

All devices are cleared from the pairing list, and the soundbar is ready to connect to new mobile devices (see page 23).

The LED light bar located on the front of the soundbar shows the soundbar status.

NOTE: The light bar displays one status at a time of the selected source.

WI-FI STATUS

Shows the Wi-Fi connection status of the soundbar.

LIGHT BAR ACTIVITY		SYSTEM STATE
Pulsing white		Connecting to Wi-Fi
Solid white then fades to black		Connected to Wi-Fi

BLUETOOTH STATUS

Shows the *Bluetooth* connection status of mobile devices.

LIGHT BAR ACTIVITY		SYSTEM STATE
Pulsing blue		Ready to connect to mobile device
Pulsing white		Connecting to mobile device
Solid white then fades to black		Connected to mobile device
White light pulses twice then fades to black		Clearing device list

MEDIA PLAYBACK AND VOLUME STATUS

Shows the soundbar status when controlling media playback and volume.

LIGHT BAR ACTIVITY		SYSTEM STATE
Two center lights glow solid white		Pause
Right end of the light bar pulses white		Volume up
Left end of the light bar pulses white		Volume down
Left end of the light bar glows solid white		Mute
Solid white then fades to black		AI Dialogue Mode

UPDATE AND ERROR STATUS

Shows the status of software updates and error alerts.

LIGHT BAR ACTIVITY		SYSTEM STATE
Solid amber		Wi-Fi setup in progress
White light slides from right to left		Downloading update
White light slides from left to right		Updating soundbar
Pulses amber 4 times		Source error - refer to the Bose Music app
Pulses red 4 times		Request is temporarily unavailable - try again later
Solid red		Error - contact Bose customer service

DISABLE/ENABLE WI-FI CAPABILITY

On the remote, press and hold the Mute button  and *Bluetooth* button  until the light bar pulses white twice then fades to black.

CONNECT ACCESSORIES (OPTIONAL)

You can connect any of these accessories to your soundbar. For more information, refer to your accessory owner's guide.

- **Bose Bass Module 700:** [Bose.com/BM700](https://www.bose.com/BM700)
- **Bose Bass Module 500:** [Bose.com/BM500](https://www.bose.com/BM500)
- **Bose Surround Speakers 700:** [Bose.com/SS700](https://www.bose.com/SS700)
- **Bose Surround Speakers:** [Bose.com/SS](https://www.bose.com/SS)

NOTES:

- The preferred option is to connect your accessory using the Bose音乐 app.
- You can connect up to two bass modules. To connect, both must be the same model and connected wirelessly.

Connect using the Bose音乐 app (preferred)

1. Connect your accessory to power. For more information, refer to your accessory owner's guide.
2. In the Bose音乐 app, select your soundbar.
3. Go to the Settings menu to add your accessory.

NOTE: If the soundbar doesn't connect with the bass module or surround speakers, see page 41.

Connect using the remote

1. Connect your accessory to power. For more information, refer to your accessory owner's guide.
2. On the remote, press and hold the *Bluetooth* button  and Volume down  button for 3 seconds until the light bar pulses white.

Once connected, you hear a tone from the accessory, and the light bar fades to black.

NOTE: If the soundbar doesn't connect with the bass module or surround speakers, see "Soundbar doesn't connect to bass module or surround speakers" on page 41.

Connect a Bose bass module using an audio cable

You can connect the bass module to the soundbar using a 3.5 mm audio cable (not provided).

If you don't have a 3.5 mm audio cable (commonly used for headphones and mobile devices), visit support.bose.com/UltraSBC to purchase a 15 ft (4.5 m) cable. You can also purchase this part at your local electronics store.

1. Connect one end of a 3.5 mm audio cable to the **BASS IN** connector on the bass module.
2. Connect the other end of the cable to the **BASS** connector on the back of the soundbar.

Bose Bass Module 500

Bose Bass Module 700

3. Check for sound (see page 48).

CONNECT A BOSE SOUNDLINK *BLUETOOTH* SPEAKER OR BOSE HEADPHONES USING SIMPLESYNC TECHNOLOGY

With Bose SimpleSync technology, you can connect certain Bose SoundLink *Bluetooth* speakers or Bose headphones to the soundbar for a new way to hear your music and movies.

Benefits

- **A personal TV listening experience:** Listen to TV without disturbing others by connecting your Bose headphones to the soundbar. Use independent volume controls on each product to lower or mute the soundbar while keeping your headphones as loud as you like.
- **Another room of audio:** Listen to the same song in two different rooms at the same time by connecting your Bose SoundLink *Bluetooth* speaker to the soundbar.

NOTE: SimpleSync technology has a *Bluetooth* range of up to 30 ft (9 m). Walls and construction materials can affect reception.

Compatible products

You can connect most Bose SoundLink *Bluetooth* speakers to the soundbar, as well as Bose headphones.

Popular compatible products include:

- Bose SoundLink Revolve+ *Bluetooth* speaker
- Bose SoundLink Mini *Bluetooth* speaker
- Bose SoundLink Micro *Bluetooth* speaker
- Bose SoundLink Flex *Bluetooth* Speaker
- Bose Noise Cancelling Headphones 700
- Bose QuietComfort 35 wireless headphones
- Bose QuietComfort 45 headphones

New products are added periodically. For a complete list and more information, visit: support.bose.com/Groups

Connect using the Bose 音乐 app

To connect your Bose SoundLink *Bluetooth* speaker or Bose headphones to the soundbar, use the Bose 音乐 app. For more information, visit: support.bose.com/UltraSBCGrouping

NOTES:

- It could take up to 30 seconds to connect.
- Make sure that the product you're connecting is powered on, within 30 ft (9 m) of the soundbar, and ready to connect to another device. For more information, refer to your product owner's guide.
- You can connect only one product at a time to the soundbar.

Connect using the product controls

1. On the soundbar or remote, press and hold the *Bluetooth* button  until the light bar pulses blue.

2. Put your speaker or headphones in *Bluetooth* pairing mode. Depending on your product, this could involve pressing and holding the *Bluetooth* button or sliding and holding the *Power/Bluetooth* switch to the right until the status light blinks blue, for example.

NOTE: For specific instructions, refer to your speaker or headphones owner's guide.

The soundbar connects to your speaker or headphones, and you hear the same audio through both devices.

NOTES:

- It could take up to 30 seconds to connect.
- Make sure that the product you're connecting is powered on, within 30 ft (9 m) of the soundbar, and ready to connect to another device. For more information, refer to your product owner's guide.
- You can connect only one product at a time to the soundbar.

RECONNECT A BOSE SOUNDLINK *BLUETOOTH* SPEAKER OR BOSE HEADPHONES

Use the Bose音乐 app to reconnect the soundbar to a previously-connected compatible Bose product.

For more information, visit: support.Bose.com/UltraSBCGrouping

NOTE: The soundbar must be within range (30 ft or 9 m) and powered on.

UPDATE THE SOUNDBAR

The soundbar updates automatically when connected to the Bose音乐 app and your Wi-Fi network.

REPLACE THE REMOTE BATTERY

Do not ingest battery, chemical burn hazard. The remote control supplied with this product contains a coin/button cell battery. If the coin/button cell battery is swallowed, it can cause severe internal burns in just 2 hours and can lead to death. Keep new and used batteries away from children. If the battery compartment does not close securely, stop using the remote control and keep it away from children. If you think batteries might have been swallowed or placed inside any part of the body, seek immediate medical attention. To avoid risk of explosion, fire or chemical burn, use caution in replacing the battery and replace only with an agency approved (e.g., UL) CR2032 or DL2032 3-volt lithium battery. Properly and promptly dispose of used batteries. Do not recharge, disassemble, heat above 212° F (100° C) or incinerate.

1. Using a coin, turn the battery compartment cover left (counter-clockwise) and remove the cover.

2. Insert the new battery flat side up, with the + symbol facing up.

NOTE: Use only an agency approved (e.g., UL) CR2032 or DL2032 3-volt lithium battery.

3. Reset the cover and turn it right (clockwise) to lock in place. The cover is completely closed when the slot is vertical.

CLEAN THE SOUNDBAR

Wipe the outside surfaces of the soundbar with a soft, dry cloth.

CAUTIONS:

- Do NOT allow liquids to spill onto the soundbar or into any openings.
- Do NOT blow air into the up-firing speakers or soundbar.
- Do NOT use a vacuum to clean the up-firing speakers or soundbar.
- Do NOT use any sprays near the up-firing speakers or soundbar.
- Do NOT use any solvents, chemicals, or cleaning solutions containing alcohol, ammonia, or abrasives.
- Do NOT allow objects to drop into any openings.

REPLACEMENT PARTS AND ACCESSORIES

Replacement parts and accessories can be ordered through Bose customer service.

Visit: support.Bose.com/UltraSBC

LIMITED WARRANTY

The soundbar is covered by a limited warranty. Visit our website at worldwide.Bose.com/Warranty for details of the limited warranty.

To register your product, visit worldwide.Bose.com/ProductRegistration for instructions. Failure to register will not affect your limited warranty rights.

TRY THESE SOLUTIONS FIRST

If you experience problems with the soundbar:

- Make sure the soundbar is connected to a live AC (mains) outlet.
- Secure all cables.
- Check the state of the soundbar (see page 25).
- Download the Bose音乐 app and run available software updates.
- Place the soundbar according to the placement guidelines (see page 10).
- Move the soundbar within the recommended range of your mobile device for proper operation.
- Make sure the soundbar is at least 1 – 3 ft (0.3 – 0.9 m) away from wireless equipment.
- Check that any Wi-Fi access points are placed up to 8 – 10 ft (2.4 – 3.0 m) away from the soundbar, optional bass module, and optional surround speakers.

OTHER SOLUTIONS

If you could not resolve your issue, see the table below to identify symptoms and solutions to common problems. You can also access troubleshooting articles, videos, and other resources at: support.Bose.com/UltraSBC

If you are unable to resolve your issue, contact Bose customer service.

SYMPTOM	SOLUTION
No HDMI eARC port on your TV	Use your TV's HDMI ARC port. If your TV doesn't have an HDMI ARC port, use the optical cable to connect the soundbar to your TV.
No HDMI eARC, HDMI ARC, or optical port on your TV	If your TV is connected to a cable or satellite box, connect the HDMI cable from the soundbar to the cable or satellite box. Connect to your TV using an audio converter and separate audio cable, such as a coaxial, 3.5 mm or analog audio cable (not provided). The type of converter and cable you need depends on the audio output ports available on your TV.
Soundbar doesn't power on	Plug the power cord into a different AC (mains) outlet. Use the remote control to power on the soundbar (see page 16). Unplug the power cords for the soundbar and optional bass module or surround speakers, wait 30 seconds, and plug them firmly into a live AC (mains) outlet.

SYMPTOM	SOLUTION
Soundbar doesn't power off	The soundbar may be in network standby mode. On the remote, press the Power button  to wake the soundbar. Press  again to power off the soundbar.
Audio isn't playing in Dolby Atmos	<p>Make sure the soundbar is connected to your TV's HDMI eARC or ARC port.</p> <p>Check the Bose音乐 app Now Playing screen to make sure the audio is streaming in Dolby Atmos. If it's not streaming in Dolby Atmos, make sure the advanced audio settings of your TV is allowing Dolby Atmos to pass through to the soundbar. Refer to your TV owner's guide.</p> <p>Check that the content is available in Dolby Atmos.</p> <p>Check that the streaming or cable service supports the use of Dolby Atmos.</p>
Remote is inconsistent or doesn't work	<p>Replace the battery (see page 35).</p> <p>Make sure the remote is within operating range (20 ft or 6 m) of the soundbar.</p> <p>Make sure there are no obstructions between the remote and the soundbar.</p>
Bose音乐 app doesn't work on mobile device	<p>Make sure your mobile device is compatible with the Bose音乐 app and meets minimum system requirements. For more information, refer to the app store on your mobile device.</p> <p>Uninstall the Bose音乐 app on your mobile device then reinstall the app (see page 13).</p>
Soundbar isn't visible to add to another Bose account	<p>Make sure sharing is enabled on your soundbar using the Bose音乐 app.</p> <p>Make sure the soundbar and your mobile device are connected to the same Wi-Fi network.</p>
Soundbar and source don't power on/off simultaneously	Press the Power button  to power on/off the source.

SYMPTOM	SOLUTION
<p>Intermittent or no audio from soundbar</p>	<p>Make sure that the soundbar's HDMI cable is inserted into a port on your TV labeled HDMI eARC (Enhanced Audio Return Channel), not a standard HDMI port. If your TV doesn't have an HDMI eARC port, connect to the HDMI ARC port. If your TV doesn't have an ARC port, connect to the soundbar using the optical cable (see page 47).</p> <p>If the soundbar is connected to your TV's HDMI eARC (or ARC) port, make sure that Consumer Electronics Control (CEC) is enabled in your TV system menu. Your TV may refer to CEC by a different name. Refer to your TV owner's guide.</p> <p>If the soundbar is connected to your TV's optical port, make sure the optical cable is inserted into a port on your TV labeled Output or OUT, not Input or IN.</p> <p>Unplug the power cords for the soundbar and optional bass module or surround speakers, wait 30 seconds, and plug them firmly into a live AC (mains) outlet.</p> <p>Adjust the Advanced CEC setting in the Bose音乐 app. You can access this option from the Settings menu. For more information, visit: support.Bose.com/UltraSBC_CEC</p> <p>Increase the volume on the soundbar (see page 19) or your mobile device.</p> <p>If the left end of the light bar is glowing solid white, the soundbar is muted. Press the Mute button  to unmute the soundbar.</p> <p>Make sure your mobile device isn't muted.</p> <p>Make sure you're using a compatible <i>Bluetooth</i> mobile device.</p> <p>Restart your mobile device.</p> <p>Restart your audio source.</p> <p>Switch to a different source (see page 18).</p> <p>Play audio from a different application or music service.</p> <p>If the audio is from a Wi-Fi source, reset the router.</p> <p>Restart your TV.</p> <p>Check the TV audio settings. Refer to your TV owner's guide.</p> <p>Update the TV software. Refer to your TV owner's guide.</p> <p>Disconnect the HDMI cable from your TV's HDMI eARC (or ARC) port and reconnect it.</p>

SYMPTOM	SOLUTION
<p>Soundbar doesn't connect to bass module or surround speakers</p>	<p>Refer to your bass module or surround speakers owner's guide for troubleshooting (see page 28).</p> <p>Make sure your bass module or surround speakers are compatible with the soundbar (see page 28).</p> <p>Unplug the power cords for the soundbar and optional bass module or surround speakers, wait 30 seconds, and firmly plug them into the AC (mains) outlet.</p> <p>Connect the bass module to the soundbar using a 3.5 mm audio cable (see page 30).</p>
<p>No audio from bass module or surround speakers</p>	<p>Make sure your bass module or surround speakers are compatible with the soundbar (see page 28).</p> <p>Make sure the software is current in the Bose音乐 app.</p> <p>Adjust the bass level using the Bose音乐 app (see page 21).</p> <p>Switch to a different source (see page 18).</p>
<p>Sound is coming from TV speaker</p>	<p>Turn off your TV speakers. Refer to your TV owner's guide.</p> <p>Make sure that the soundbar's HDMI cable is inserted into a port on your TV labeled HDMI eARC (Enhanced Audio Return Channel), not a standard HDMI port. If your TV doesn't have an HDMI eARC port, connect to the HDMI ARC port. If your TV doesn't have an ARC port, connect to the soundbar using the optical cable (see page 47).</p> <p>Disconnect the HDMI cable from your TV's HDMI eARC (or ARC) port and reconnect it.</p> <p>Unplug the power cords for the soundbar and optional bass module or surround speakers, wait 30 seconds, and firmly plug them into the AC (mains) outlet.</p> <p>Decrease your TV volume to its lowest setting.</p> <p>If the soundbar is connected to your TV's HDMI eARC (or ARC) port, make sure that Consumer Electronics Control (CEC) is enabled in your TV system menu. Your TV may refer to CEC by a different name. Refer to your TV owner's guide.</p> <p>Adjust the Advanced CEC setting in the Bose音乐 app. You can access this option from the Settings menu. For more information, visit: support.Bose.com/UltraSBC_CEC</p>
<p>Poor or distorted audio</p>	<p>Test different sources if available.</p> <p>Make sure that your TV can output surround sound audio. Refer to your TV owner's guide.</p> <p>If the audio is being played from another device, reduce the volume of that device.</p> <p>Adjust the bass level using the Bose音乐 app (see page 21).</p> <p>Power off your TV speakers. Refer to your TV owner's guide.</p> <p>Check for sound (see page 48).</p> <p>Run ADAPTiQ audio calibration (see page 15).</p>

SYMPTOM	SOLUTION
Soundbar doesn't play audio from the correct source or selects the incorrect source after a delay	<p>Check the Advanced CEC setting in the Bose音乐 app. You can access this option from the Settings menu. For more information, visit: support.bose.com/UltraSBC_CEC</p> <p>Disable CEC on your source. Refer to the source owner's guide.</p>
Soundbar doesn't connect to Wi-Fi network	<p>In the Bose音乐 app, select the correct network name, and enter the network password (case-sensitive).</p> <p>Make sure the soundbar and your mobile device are connected to the same Wi-Fi network.</p> <p>If your network information has changed, see page 14.</p> <p>Enable Wi-Fi on the mobile device you are using for setup.</p> <p>Close other open applications on your mobile device.</p> <p>Restart your mobile device and router.</p> <p>If your router supports both 2.4 GHz and 5G Hz bands, make sure both the device (mobile or computer) and soundbar are connecting to the same band.</p> <p>NOTE: Give each band a unique name to make sure you're connecting to the correct band.</p> <p>Reset the router.</p> <p>Unplug the power cords for the soundbar and optional bass module or surround speakers, wait 30 seconds, and firmly plug them into the AC (mains) outlet. Uninstall the Bose音乐 app on your mobile device, reinstall the app, and restart setup.</p> <p>If connecting to a different network and the app doesn't prompt you for setup, go to the main screen and add the soundbar.</p>
Soundbar doesn't connect with Bluetooth device	<p>On your mobile device, turn the <i>Bluetooth</i> feature off and then on. Delete the soundbar from the <i>Bluetooth</i> list. Connect again (see page 23).</p> <p>Connect a different mobile device (see page 24).</p> <p>Make sure you're using a compatible <i>Bluetooth</i> mobile device. Visit: support.bose.com/UltraSBC_BT</p> <p>Delete the soundbar from your mobile device <i>Bluetooth</i> list. Connect again (see page 23).</p> <p>Clear the soundbar device list (see page 24). Connect again (see page 23).</p>

SYMPTOM	SOLUTION
Soundbar doesn't stream audio using AirPlay	<p>Make sure your soundbar is powered on and in range (see page 17).</p> <p>Make sure your Apple device and your soundbar are connected to the same Wi-Fi network.</p> <p>Update your Apple device.</p> <p>Make sure the soundbar is up-to-date (see page 35).</p> <p>If you can't find the AirPlay icon  in the music app you are streaming from, stream audio from the Control Center (see page 22).</p> <p>For additional support, visit: https://www.apple.com/airplay</p>
Soundbar doesn't connect to a Bose SoundLink Bluetooth speaker or Bose headphones	<p>Make sure that your speaker or headphones are powered on, within 30 ft (9 m) of the soundbar, and ready to connect to another device. For more information, refer to your product owner's guide.</p>
Soundbar doesn't reconnect to a previously-connected Bose SoundLink Bluetooth speaker or Bose headphone	<p>Connect using the Bose音乐 app (see page 32).</p>
Poor audio quality from a connected Bose SoundLink Bluetooth speaker or Bose headphones	<p>If your router supports both 2.4 GHz and 5 GHz bands, and the soundbar is connected to a 2.4 GHz frequency, connect to the 5 GHz frequency.</p> <p>Not all Bose SoundLink <i>Bluetooth</i> speakers can play audio in perfect sync when connected to the soundbar. To check if your product is compatible, visit: support.bose.com/Groups</p> <p>Make sure Sync with Group is enabled in the Bose音乐 app (see page 13). You can access this option from the Settings menu.</p> <p>Install any available software updates for your speaker or headphones. To check for updates, open the appropriate Bose app for your product on your mobile device.</p>

RESTORE THE SOUNDBAR

Restoring the factory settings clears all source, volume, network, and ADAPTiQ audio calibration settings from the soundbar and returns the soundbar to its default settings.

1. On the Bose音乐 app, remove the soundbar from your Bose account.
2. On the remote, press and hold the Volume down button — and Play/Pause button ▶|| for 5 seconds until the light bar pulses white twice then fades to black.

The soundbar reboots. When the reset is complete, the light bar glows solid amber.

3. To restore the soundbar's network and audio settings:
 - a. Launch the Bose音乐 app on your mobile device and add the soundbar to your network (see "Add the soundbar to an existing account" on page 14).
 - b. Run ADAPTiQ audio calibration using the Bose音乐 app (see page 15).

CONNECTION OPTIONS

Connect the soundbar to your TV using one of the following connection options:

- **Option 1 (preferred):** HDMI eARC (Enhanced Audio Return Channel) or ARC
- **Option 2:** Optical

NOTES:

- To deliver the Dolby Atmos surround-sound experience, connect the soundbar to the HDMI eARC or ARC port on your TV (see page 46). If your TV doesn't have an eARC or ARC port, you can connect the optical cable to the optical port to receive spacious and life-like sound (see page 47).
- To use your TV remote to control the power, volume, and mute functions of the soundbar, the soundbar must be connected to the HDMI eARC or ARC port on your TV.

1. On the back of your TV, locate the **HDMI IN** and **Audio OUT** (optical) ports.

NOTE: Your TV port panel may not appear as shown. Look for the shape of the port.

2. Choose an audio cable.

CONNECT THE SOUNDBAR TO YOUR TV

After choosing an audio cable, connect the soundbar to your TV.

Option 1 (preferred): HDMI eARC or ARC

1. Insert one end of the HDMI cable into your TV's **HDMI eARC** or **ARC** port.
2. Insert the other end of the cable into the **HDMI (eARC)** port on the soundbar.

Option 2: Optical

If your TV doesn't have an HDMI eARC (or ARC) port, use the optical cable to connect the soundbar to your TV.

1. Remove the protective cap from both ends of the optical cable.

CAUTION: Inserting the plug with the cap attached can damage the plug and/or the port.

2. Insert one end of the optical cable into your TV's **Optical OUT** port.

CAUTION: Inserting the plug with the wrong orientation can damage the plug and/or the port.

3. Hold the plug at the other end of the optical cable.
4. Align the plug with the soundbar's **OPTICAL IN** port, and insert the plug carefully.

NOTE: The port has a hinged door that swings inward when inserting the plug.

5. Firmly push the plug into the port until you hear or feel a click.

CHECK FOR SOUND

1. Power on your TV using your TV remote.
2. In the audio section of your TV's menu, turn off your TV speakers.

NOTE: Refer to your TV owner's guide for more information.

3. If you are using a cable/satellite box or other secondary source:
 - a. Power on this source.
 - b. Select the appropriate TV input.
4. Power on the soundbar (see page 17).

You hear sound coming from the soundbar.

5. On the soundbar remote, press the Mute button .

You don't hear sound coming from the TV speakers or soundbar.

NOTE: If you hear sound coming from your TV after your soundbar is muted, see "Sound is coming from TV speaker" on page 41.
